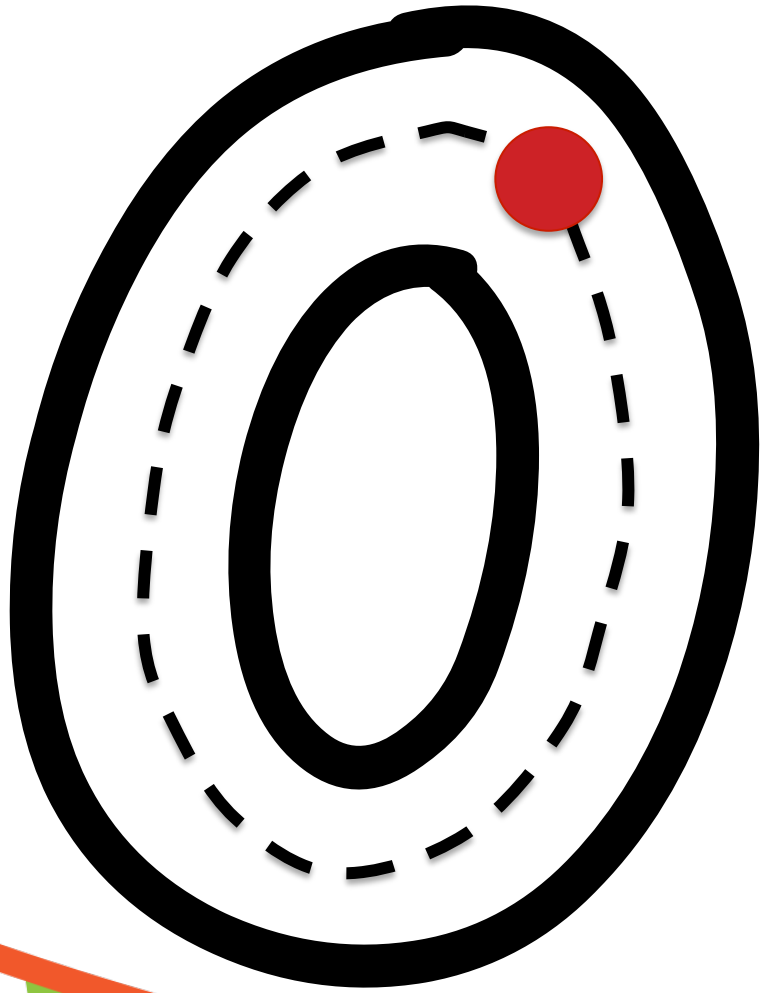
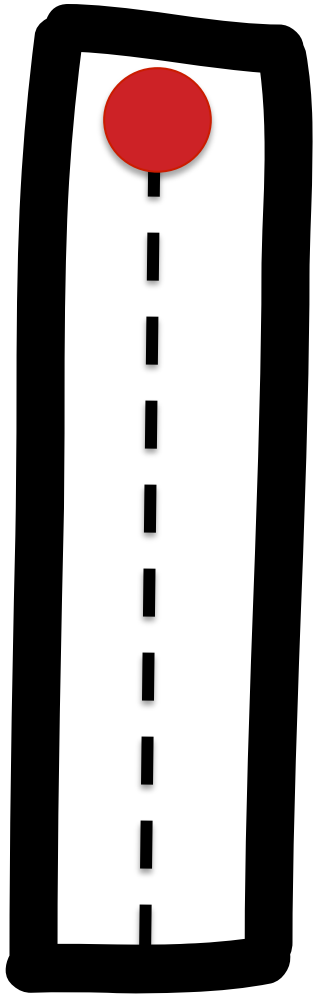
Thanks for Downloading my Number Rhymes Printable!

- These number rhyme printables are for personal or classroom use. By using it, you agree to not copy, reproduce, or change any content from the download, except for your own personal, non-commercial use.
- You may not redistribute the contents of my downloads in whole or in part, for any reason.
- If you found this pdf on a site other than teachingmama.org, it is being used in violation of my copyright. Please email me at angela@teachingmama.org if you see this.
- Please do NOT link directly to the pdf file online (people must be able to visit my website to get the pdf).
- Do NOT upload this file to a shared website (dropbox, mediafire, 4shared.com)
- I hope you can use this printable in your own home or classroom setting. If you liked this printable, I would love it if you shared the link to my blog to others who might be interested.
- Thank you for agreeing to my Terms and Conditions and Happy Learning!
- Clip art by Prettygrafik, Goodness & Fun, Pink Pueblo, Vivera Design, and Grafos.

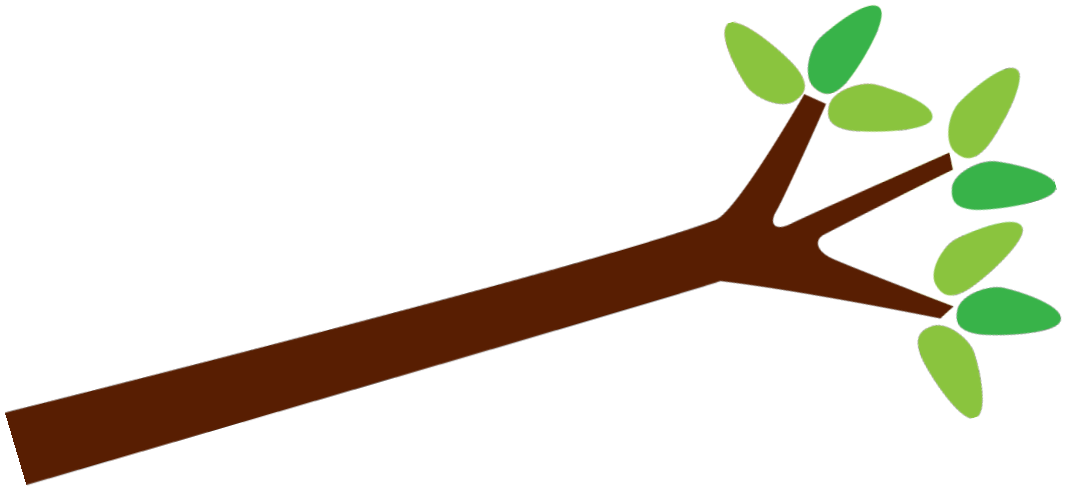


Around and around
And around we go...
When we get home we have a zero.

© teachingmama.org

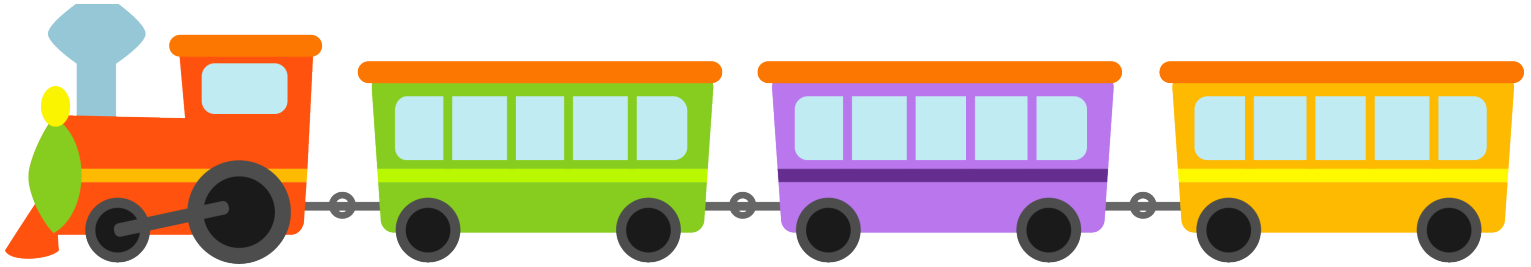


Number 1 is like a stick.
A straight line that is
very quick.



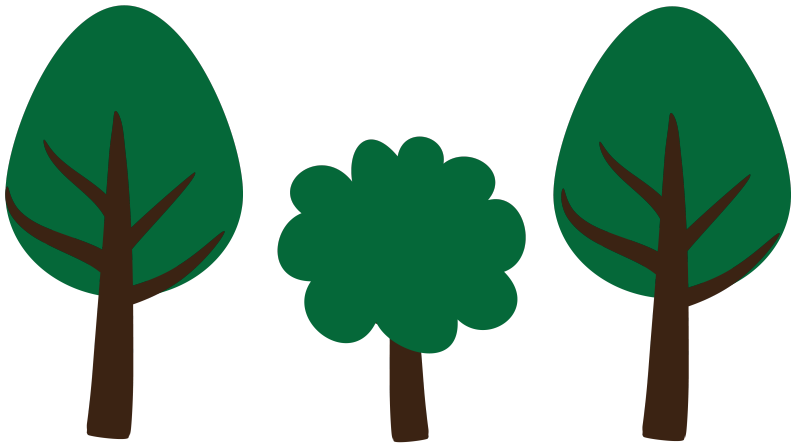
© teachingmama.org

Around and
back on the
railroad track.
Two, two,
Two, two!

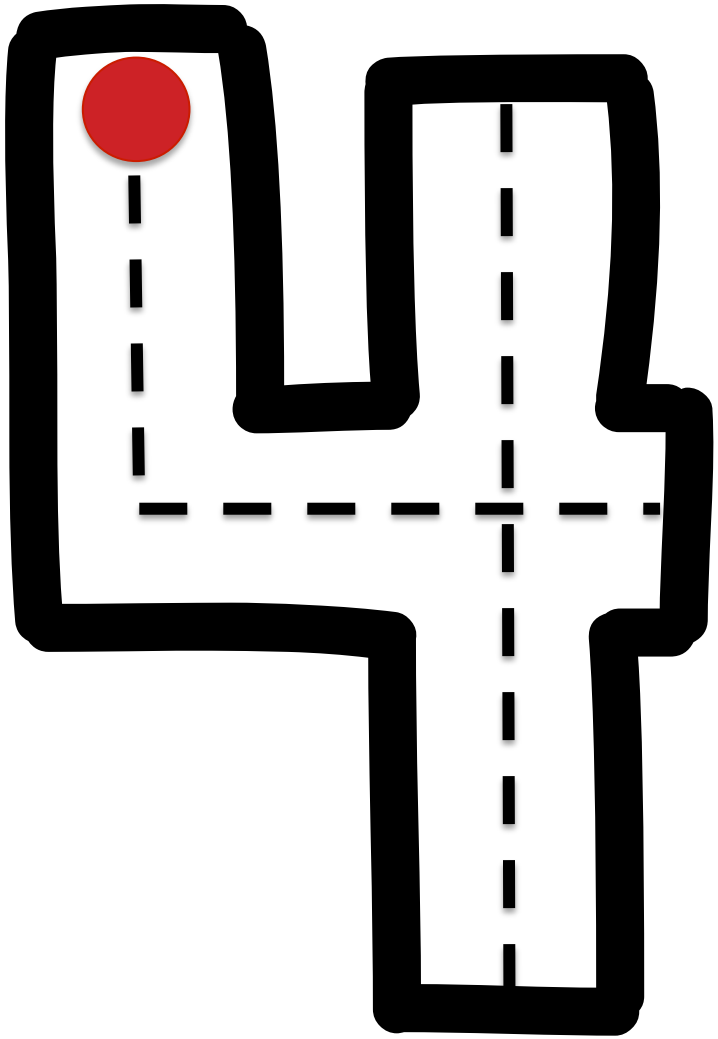


© teachingmama.org

Around a tree,
Around a tree.
That's the way
to make a three!

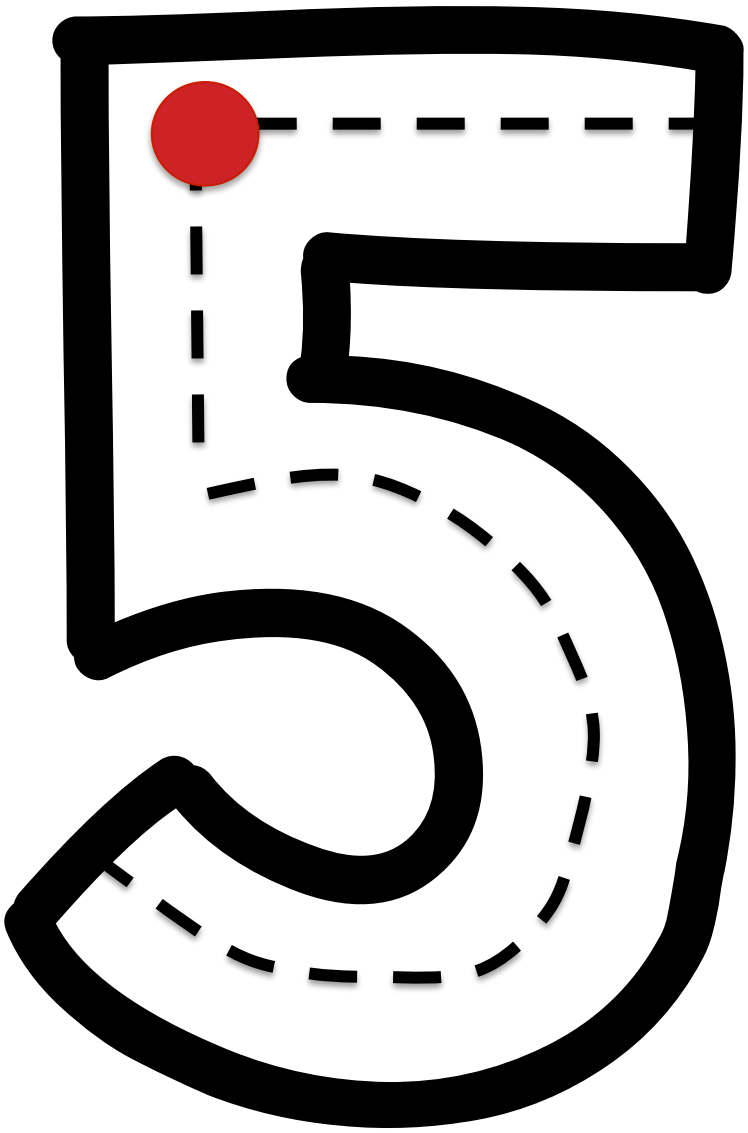


© teachingmama.org



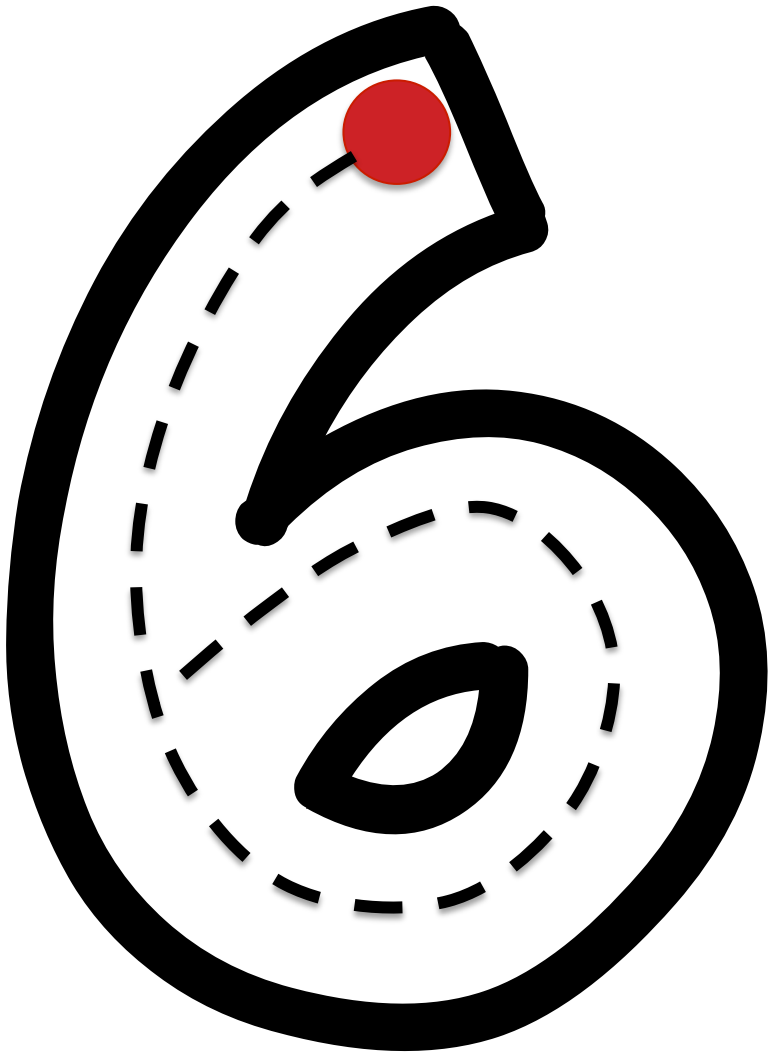
Down and over,
Down once more.
That's the way to
make a four!

© teachingmama.org



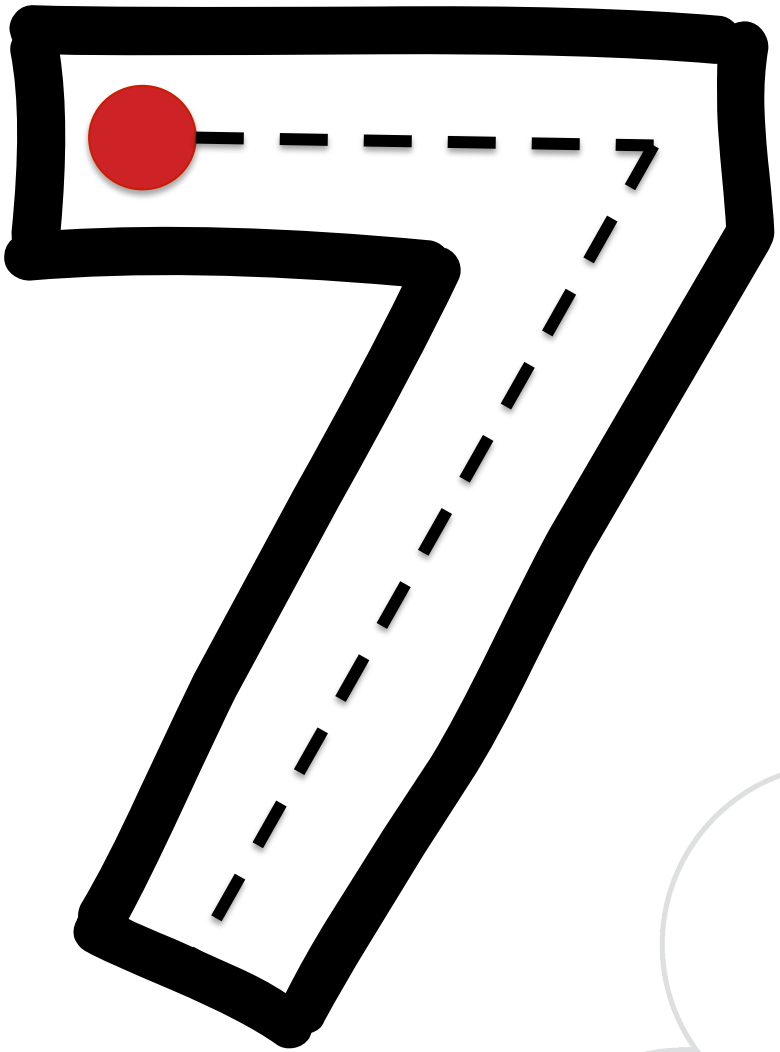
Straight line down,
Then around.
Hat on top
And five's a clown!

© teachingmama.org

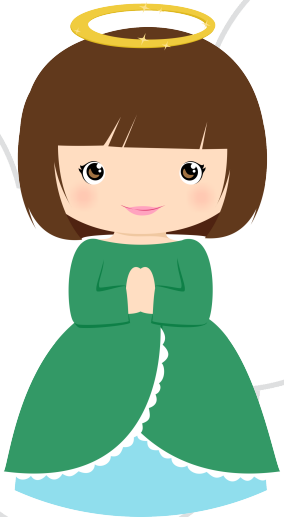


Make a curve.
Then make a loop.
There are no tricks
to make a six!

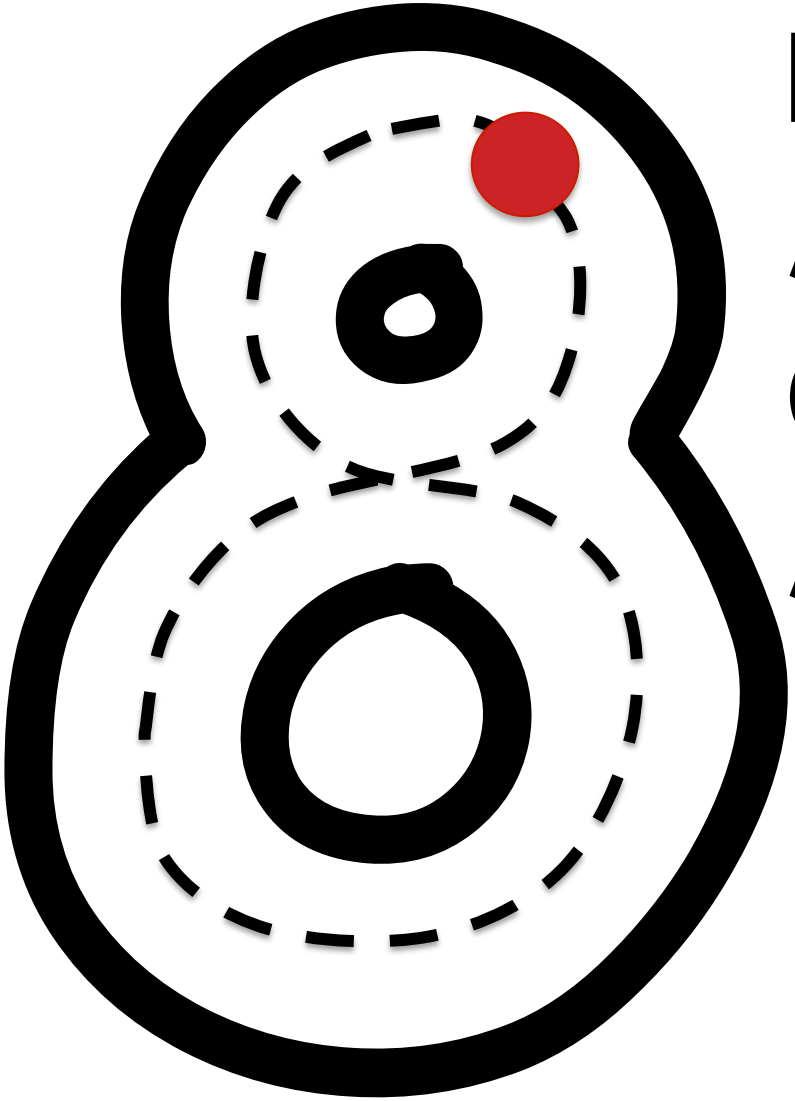
© teachingmama.org



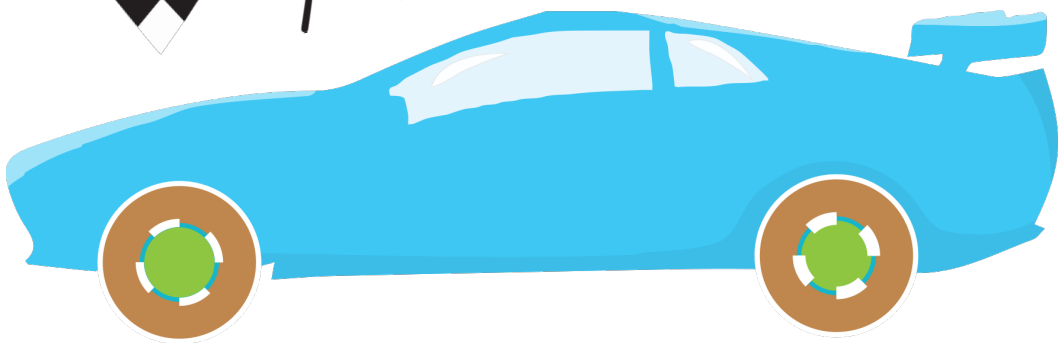
Across the sky
And down from
heaven.
That's the way to
make a seven!



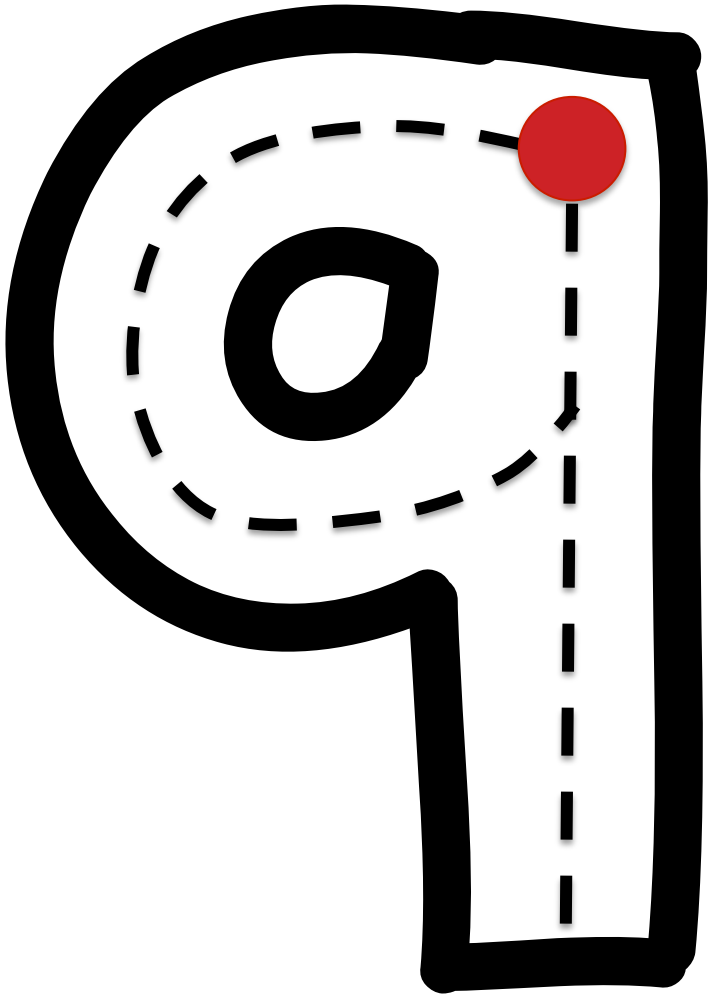
© teachingmama.org



Make an S
And do not wait.
Go back up
And that's an eight!

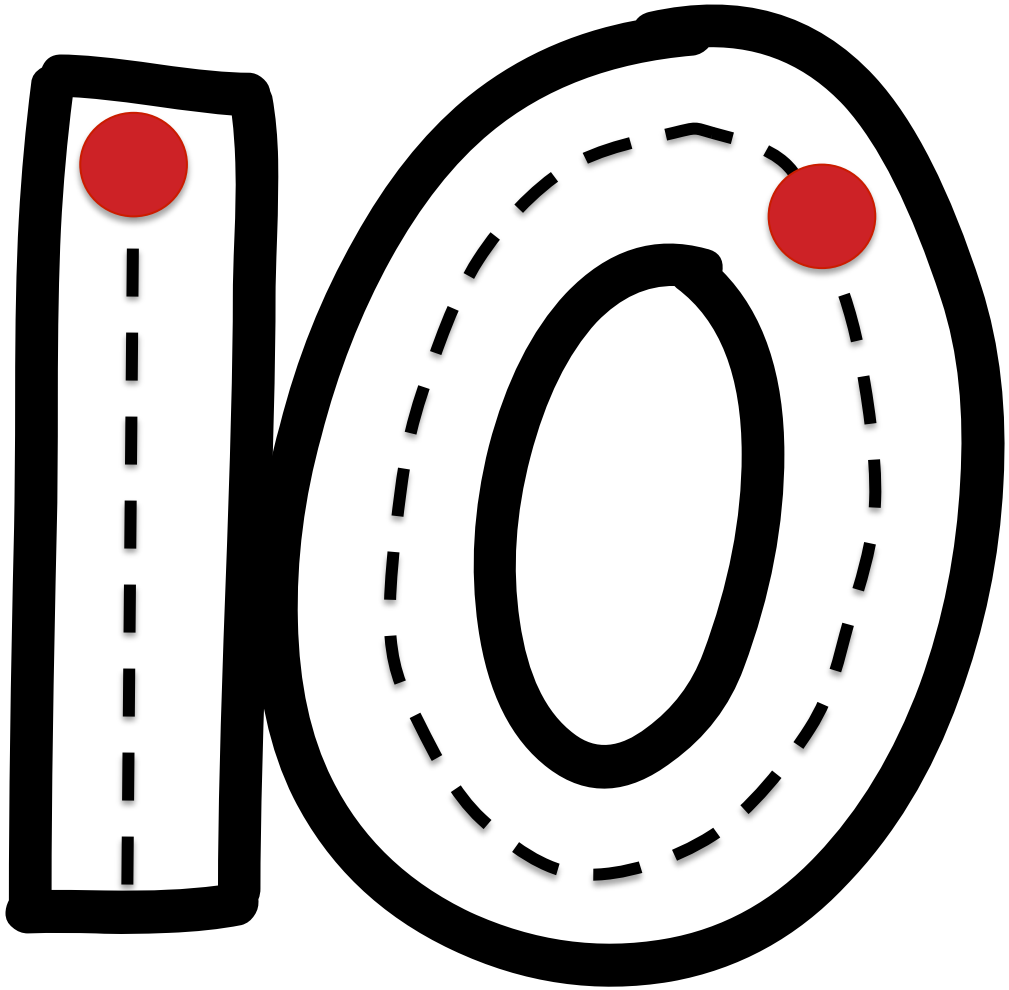


© teachingmama.org



A loop and a line,
That makes a nine!

© teachingmama.org



Straight line
down,
Then around
with a grin.
That's the way
To make a ten!

© teachingmama.org

Digital Resource

If you'd like to use these number rhymes as digital resources on either Google Slides or Seesaw, follow the directions on the following pages.

Terms & Conditions

This file is for personal or classroom use only. By using it, you agree that you will not copy or reproduce the files, except for your own, non-commercial use. If you have any questions about this, please email me at angela@teachingmama.org.

You may...

- make as many copies as you'd like for your own home or classroom
- share Google Slides with your current students
- post online about this digital resource (i.e.: share a picture of a child using the resource with giving credit to my blog, Teaching Mama.)

You may not...

- claim to be the creator of these files
- change the electronic files in any way
- sell my digital files
- share this on another website, such as Dropbox, 4Shared, Amazon Inspired, Facebook groups, etc.)

Google Slides

1. When you click on the link on the bottom of this page, it will ask you to make a copy. You need to do this, otherwise changes would be made to my original.
2. If you are a teacher and are using Google Classroom, you will want to copy the Google slides assignment into your Google Drive. After that, you will create an assignment and attach this Google Slides file.
3. Make copy for each student.
4. The students will log into Google Classroom and will find the assignment.
5. After it's open, the students can listen to the audio of the rhyme by clicking the speaker icon.
6. Students can also use the scribble tool to write the numbers. If that is too challenging, they can just write the number in the air.

Watch this video to see how to use this file on Google Slides.

>>>NUMBER RHYMES FOR GOOGLE SLIDES<<<

Seesaw

1. When you click on the link on the bottom of this page, it will bring you to a page on Seesaw.
2. Click on 'Save Activity.'
3. Choose 'Assign' to assign the activity to the students in your class.
4. The students will log into Seesaw and see this new assignment.
5. After it's open, the students can listen to the audio of the rhyme by clicking the quotation mark at the bottom of the page.
6. Students can use the pencil or marker tool to write the numbers. If that is too challenging, they can just write the number in the air.

Watch this video to see how to use this file on Seesaw.
