Nursery and Reception Home Learning Menu

We were so pleased with all of the lovely homework items we received in the first half term, thank you to all of those who supported their children in completing tasks, it really does support their learning within school.
Take a look at the selection of homework activities you and your child can complete over the course of the second half of the Autumn term. You can complete all of them or pick and choose the ones which showcase the skills and interests of your child.
We can not wait to see the finished products in school or upload onto Tapestry.

Winter

Discuss the seasons and how our environment changes from summer-Autumn-Winter and then onto Spring. Can your child draw/paint a seasonal picture?.

Taking turns

Play a game and take turns. It is important for your child to take turns and share when playing with their friends..

Christmas

Can you read the christmas story together and can your child re-tell the story in their own words? This could be recorded and added onto Tapestry.

Numbers

Which numbers are important to your child? eg birthday, age or house number. Can the write these?
Can your child sing a number rhyme?
Can they write orders in the right order?

Independence

Allow your child to practice doing their own coats up and also putting their hats and gloves on themselves.

Writing

Continue to practice writing their name.
Can they start to make marks/initial sounds for other writing ideas such as a shopping list, cards, letter or even a small sentence to talk about their weekend?
