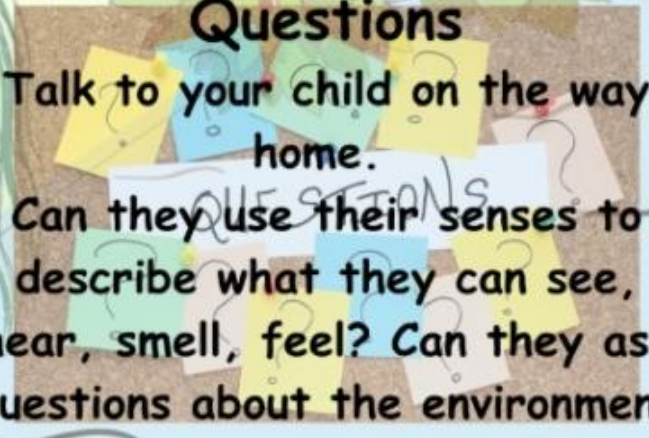
Nursery and Reception Home Learning Menu

We were so pleased with all of the lovely homework items we received, thank you to all of those who supported their children in completing tasks, it really does support their learning within school.
Take a look at the selection of homework activities you and your child can complete over the course of the first half of the Spring term. You can complete all of them or pick and choose the ones which showcase the skills and interests of your child.
We can not wait to see the finished products in school or upload onto Tapestry.

Journeys

Think about a journey you have been on- to the shops, to school or on a holiday. How did you travel? How long did it take? What did you do when you got there? Can your child draw/paint a picture to show the journey?

Questions



Talk to your child on the way home.
Can they use their senses to describe what they can see, hear, smell, feel? Can they ask questions about the environment using words such as why, what and how? .

Reading

Can you read stories together and can your child re-tell the story in their own words? Can they spot the intial sounds within words? Can they segment and blend the words to read independently? Can they find tricky words within the text? This could be recorded and added onto Tapestry.

Numbers

Can your child read, write and order numbers 1-10? Can they recall the number bonds to 10? Can you record this and add to Tapestry?

Independence

Allow your child to practice doing their own coats up and also putting their hats and gloves on themselves.

Writing

Continue to practice writing their name.
Can they start to make marks/initial sounds for other writing ideas such as a shopping list, cards, letter or even a small sentence to talk about their weekend?
